interactive displays.

6 Smart Reasons why you should consider NeoSmart Digital Billboard?

1 Interactive **wayfinding**, **directories** and **info kiosks** in public spaces can reduce the burden of lobby staff, allowing people to find their own way.

This lets visitors to browse informations they want in their own way, at their own pace, and frees up your workers to provide more personalized service.

Shopping malls

Restaurants

2 NeoSmart Digital Billboard are **bright**, **modern** and **dynamic**. With the glass tempered screen, metal case and touch screen function, our Digital billboard have been designed to grab attention of passersby to your business.

The **professional brightness** and **colour vibrancy** of NeoSmart Digital Billboard makes images and videos really pop on screen.

3 You can **target what content gets delivered** where, right down to the individual screen, an area of a screen, or **show unified communications** across your building, campus or in offices across the globe if you're using Neosys Onsignage cloud management apps.

4 By replacing print communications, you can **reduce ongoing costs** for things like paper and ink, not to mention being more **eco-friendly** by saving all of those materials and waste.

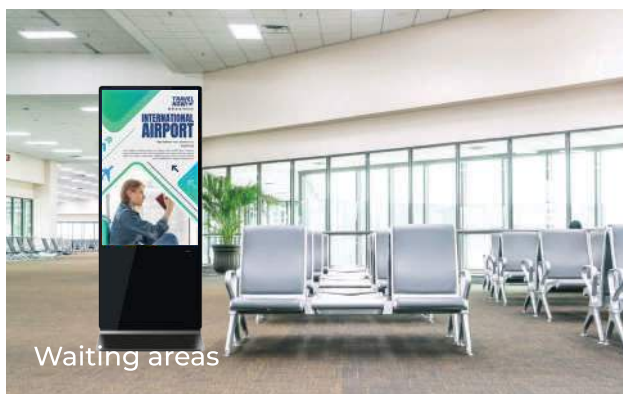

Exhibitions

Cafe counters

Now you can display your contents, promotions or advertise anything, anytime, anywhere...

more affordable than you can imagine.

Waiting areas

shops

5 Keep everyone **safe in an emergency** by adding NeoSmart Digital Billboard to your alert notification plan. Common Alerting Protocol notices can **trigger alerts on screens** with updates and instructions.

Clinic receptions

6 You can even **sell ad space** to nearby vendors, integrating your business into the local community and adding more value for visitors, as well as turning your NeoSmart Digital Billboard into a **profit center**.
